2024 NO-TILL AGREEMENT

FEES: Corn Planters - \$30.00 per acre up to 30 acres, then \$25.00 per acre over 30 acres per delivery.

FEES: Seeder - \$25.00 per acre for the 2024 spring planting season.

Discounts for Seeder - \$3 discount for fall cover crops; \$10 discount for first 600 acres of fall cover crop, countywide.

Minimum Charge - \$ 125.00 per delivery.

Discounts – If your bill is over the \$125.00 minimum and your bill is paid within 30 days a 10% discount will be deducted from your bill. **No Exceptions**

Because the surrounding counties have cut back or are discontinuing their no-till programs, our Conservation District Board has agreed to service their farmers throughout the year 2024. However, we will give a higher priority to Susquehanna County Farmers. In addition, out-of-county, farmers will be charged **\$10.00 per towing mile for towing from the Susquehanna County line to their farm and return. Out of county farmers, must also be in compliance with their county conservation district.**

LATE CHARGES: A one and one half percent (1 1/2 %) late fee will be charged per month on all outstanding balances after 90 days have passed from the date of the initial billing.

The no-till seeder or corn planter will not be rented to any person with an unpaid balance on any previous no-till account.

DELIVERY AND SCHEDULE: Prior to delivery of the planter or seeder, **the fields must be ready to plant**, and the seed and fertilizer must be on site.

The number of acres to be planted will determine the length of time the planter or seeder will remain on the site. This may change as a result of weather and other adversities.

DISCLAIMER: Lessee shall be liable for all expenses, personal injury, property damage and claims arising out of its possession, operation and transportation on the no-till corn planter or no-till seeder and shall hold the Susquehanna County Conservation District, Susquehanna County and its assigns harmless therein. The lessee also agrees not to hold the district liable for crop loss or failure arising out of the use of the no-till equipment.

- Lessee shall allow the Susquehanna Conservation District, its agents and employees ingress, egress and regress over and upon the lands of the lessee for the purpose of retrieving machinery upon lessee's completion of its use and agrees to hold the Susquehanna County District harmless from any damage to the lessee's real estate as a result thereof.

- The lessee shall promptly notify the Susquehanna Conservation District upon completion of the use of the corn planter or seeder, will park in an agreed upon location

for pickup and have in transport position.

- The lessee does remise, release, quit-claim, and forever discharge and by these presents for the lessee, their Heirs, Executors, Administrators, Successors, or Assigns, hereby remise, release, quit-claim and forever discharge the said Susquehanna Conservation District, their Heirs, Executors, Administrators, Successors, or Assigns, and every of them, of and from all, and all manner of action and actions, cause and causes of action and actions, suits, debts, dues, duties, sum and sums of money, account, reckonings, bonds, bills, specialties, covenants, contracts, agreements, promises, variances, damages, judgments, extents, executions, claims, and demands, whatsoever, in law or equity, or otherwise howsoever, which against the said lessee ever had, now have, or which Susquehanna Conservation District, their Heirs, Executors, Administrators, Successors, or Assigns, hereafter can, shall or may have, for, upon, or by reason of any matter, cause or thing whatsoever by reason of rental of no-till seeder and no-till planter which lessee acknowledges is inherently dangerous.

This agreement is for the entire 2024 planting season regardless of number of times the equipment is delivered to the farm.

I have read the above agreement and agree to abide by the terms and conditions.
